EXAMINER'S AMENDMENT

Claims 1-17 and 19-30 are pending.

Response to Arguments/Amendments

Applicant's amendments and arguments filed May 22, 2006 are acknowledged and have been fully considered. Any rejection and/or objection not specifically addressed is herein withdrawn.

In view of the amendments, statement of common ownership and terminal disclaimer, the prior art rejections under 35 USC §§ 102(e) and 103(a) are herein withdrawn and claims 1-17 and 19-27 are allowed.

Election/Restrictions

Claims 1-17 and 19-27 are directed to an allowable product. Pursuant to the procedures set forth in MPEP § 821.04(B), claims 28-30, directed to the process of making or using an allowable product, previously withdrawn from consideration as a result of a restriction requirement, are hereby rejoined and fully examined for patentability under 37 CFR 1.104.

Because all claims previously withdrawn from consideration under 37 CFR 1.142 have been rejoined, the restriction requirement as set forth in the Office action mailed on November 1, 2005 is hereby withdrawn.

In view of the withdrawal of the restriction requirement as to the rejoined inventions, applicant(s) are advised that if any claims including all the limitations of an allowable product claim or rejoined process claim are presented in a continuation or divisional application, such claims may be subject to provisional statutory and/or nonstatutory double patenting rejections over the claims of the instant application. Once the restriction requirement is withdrawn, the provisions of 35 U.S.C. 121 are no longer applicable. See *In re Ziegler*, 443 F.2d 1211, 1215, 170 USPQ 129, 131-32 (CCPA 1971). See also MPEP § 804.01.

In view of the Examiner's amendment below, **claims 1-17 and 19-30 are allowed.**

Terminal Disclaimer

The terminal disclaimer filed on May 22, 2006 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of US Patent 6,828,301 B2 has been reviewed and is accepted. The terminal disclaimer has been recorded.

Examiner's Amendment

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Applicant's representative, Philip Datlow, on July 25, 2006.

The application has been amended as follows:
